Membership:
Appointments of all voting members to the University Policy Committee are made by the Chancellor and are for an unspecified term, with the exception of the Chair of the Faculty and Staff Senate Chair. Those appointments coincide with the associated terms. For all other appointed members, when a vacancy occurs the UPC chair (or a co-chair) will request a recommendation from the appropriate Vice Chancellor. The Chair (or co-chair) may appoint non-voting ex officio members.

Committee Purpose and Responsibilities:
The Chancellor charged the committee with the following tasks: 1) serve as the implementation team for the development of the University Policy Manual; 2) a representative from each division serves as the divisional point person in the development of all policies, regulations and rules (PRRs); 3) generate trust in the process; and 4) exercise common sense – don’t become too bureaucratic.

The Chancellor set a five year goal for the full implementation of the University Policy Manual and cited the close relationship between the revision of the Faculty Manual and the development of the University Policy Manual.
